WORKING EXPERIENCES

2024-present | Research Assistant | Dr. Marc Lafrance | *Concordia University*

Project tackling representations of masculinities in media and its impacts on anti-LGBTQ and anti-trans discourse. Ongoing project.

2023-present | UX Researcher | *Cozey*

I conduct user research and analyze customer behaviors to inform product and design decisions that enhance the shopping experience. I gather insights on user needs and pain points to ensure the website solutions are intuitive and customer-focused.

2024-2025 | Lead Researcher | *Association de Bienfaisance et de Retraite des Policiers et Policières de la Ville de Montréal (ABRPPVM)*

Survey and research with newly retired police officers of the city of Montreal. Lead researcher in charge of drafting survey questions regarding well-being post-retirement, collecting the responses, analyzing the data. I wrote a final report (67 pages) which I presented to the 300+ retired police officers.

2023 | Evaluator and Researcher | *Public Prosecution Services of Canada (PPSC)*

Conducted evaluations of departmental programs and activities to assess their achievement of results and to identify ways in which they can be improved. Planned research projects on various topics to address policy questions that are of interest to senior management.

2022 | Proof-reader and Indexer | *Dr. Tom Kemple*

Proof-read *Marx's Wager: Das Kapital and Classical Sociology* before publication and edited multiple sections of it. Indexed the book with its major themes, concepts, authors, and ideas.

2022 | Research Assistant | Dr. Tom Kemple | *University of British Columbia*

Research on finding ways to foster global citizenship through the classroom and immersive field experiences. Wrote fieldnotes about the Downtown Eastside in Vancouver and conducted focus groups and interviews with students of the Urban Ethnographic Field School.

2020-2021 | Research Assistant | Dr. Jason Bell | *University of New Brunswick*

Conducted research on microfiche documents from the early 1900s to find articles from an undercover British spy reporting about Hitler for the book *Cracking the Hitler Code*. Also oversaw research on the Namibian Genocide in

relation to the book.

2020 | Research Assistant | Dr. Tia Dafnos | *University of New Brunswick*

Researched, wrote literature reviews, collected data and performed data analysis for project called "Circulation of Security Professionals". Uncovered social networks between security professionals and the crackdown of environmental activists and bills.

2019 | Research Assistant | Dr. David Hofmann | *Public Safety Canada*

Conduct research on right-wing extremism titled "An Updated Environmental Scan of Right-Wing Extremism in Canada". Focused on Quebec and French-speaking extremism and targeted people active on social medias as well as active on private forums and chat rooms.
